Reed Walter
OSU Student Leader
Mental Health Matters

Dear Reed,

I'm writing on behalf of the staff at the Student Life Student Wellness Center staff to express our support for your Mental Health Matters Week initiative! We appreciate your passion, energy, and commitment to the emotional wellness of OSU students.

We are aware of the gofundme page that you have created, and were glad to offer feedback on the text and the funding goals associated with your project. We look forward to the outcomes of your efforts and would be glad to collaborate with you regarding the funding of wellness resources for students on our campus based on this campaign.

Thanks again for your efforts!

Sincerely,

Connie Boehm
Director, Student Life Student Wellness
